JOKER REELZ

GAME RULES

The video slot game, Joker Reelz, has five spinning reels with symbols on them. Every time you spin the reels, they come to rest showing a random selection of symbols in the game window. There are altogether 9 symbols in the game. Certain combinations of symbols result in payouts.

You can choose the amount you want to bet on the 9 lines (lines, for short). For spinning the reels, you can use the Spin or the Autoplay buttons (on mobiles, Autoplay can be found in Options). When you use the Autoplay button, the reels spin automatically, using a fixed number of lines and bet you have chosen. The reels will stop spinning, when Respins or Bonus Games are triggered, or you can stop the Autoplay mode at any time by pressing the Stop button.

Joker Reelz slot game is enhanced with a special symbol, Joker Wild, which awards Respins .

HOW TO PLAY:

To play the game:

1. Choose your Bet by clicking on the - and + buttons below the Bet box.
The relevant bet is displayed on the right-hand side at the bottom of the screen.
2. When you have made your bet selection, click on the Spin button to spin the reels.
If the reels show a winning combination after they stop, you win according to the payout table.
3. When you click on the Bet Max button, you can play the maximum bet allowed in the game.
After clicking on the Bet Max button, the maximum amount of bet is set up.
4. If you are not sure about your winnings, click the "i" (Payout) button in the game window to see the winning combinations. If you win on multiple lines, your winnings are added up and the total amount earned is displayed in the Win box.

JOKER REELZ

GAME RULES

The video slot Joker Reelz has two main features, the Towering Reel and Joker Respins .

TOWERING REEL

Two or three reels can combine to create one giant reel during each spin in both, base game and respins.

JOKER RESPINS

Joker Respins are initiated when a Joker Wild symbol lands on the reels. A number of Respins depends on how many cells Wilds occupy on the screen. Respins are retriggerable.

GAME RECOVERY

In the base game, in case you quit the game in progress and there is a win to collect, all your winnings will be properly stored and will be available to collect, once player enter the game again. If you were interrupted during Respins, then you will still be able to continue with your feature right where you left off. If your game is interrupted because of some technical issues, then once you get back to the game, it will be recovered and you start from where you left off.

OTHER RULES

The winning symbols must appear consecutively one after another on a given active win line, starting at the leftmost reel, for the win to be granted. Only the highest win on a win line is paid. The Payout is calculated by multiplying your bet by the winning combinations obtained in the spin. Malfunction Voids All Pays and Play.
